Professional Profile

A logical and analytical problem solver currently studying Computer Science at the University of Warwick. Passionate about technology, innovation and entrepreneurship, with particular interest in quantitative computing and cybersecurity. I enjoy environments that require computational thinking, creativity and collaboration to deliver meaningful solutions.

Technical Competencies & Achievements

- Developed a **Robot Maze Controller** using **Java**, demonstrating algorithmic logic.
- Designed and built a **Fitness Website** using **HTML**, **CSS**, **JavaScript** and **Python (Flask)**.
- Created a **Flappy Bird-style game** using **Unity (C#)** to explore object-oriented programming and game logic.
- Developed an **Arcade Game** using **Python (Pygame)** to deepen understanding of event-driven programming and interactive graphics.

Career Summary

- Jul 2023 Work Experience — ServiceNow, Shadowing multiple roles**
Gained exposure to large-scale enterprise projects involving multiple stakeholders and workstreams. Observed Agile delivery practices and collaboration between Software Engineers and Project Managers.
- Jun 2023 Work Experience — Splunk, Shadowing multiple roles**
Observed a Scrum-based Software Engineering team and the Software Development Life Cycle within a live commercial project. Gained familiarity with JIRA, iterative development and logical design.
- Jun 2021 Work Experience — Morningstar, Software Engineer, (Intern/Work Experience)**
Contributed to a Python program that queried a database and generated datasets for downstream statistical analysis. Developed appreciation for teamwork and communication.

Education & Recognition

- 2025–Present BSc (Hons) Computer Science, University of Warwick**
First-year undergraduate.
- 2023–2025 A-Levels, Monks Walk, Welwyn Garden City**
Computer Science (A*), Physics (A*), Mathematics (A).
- 2021–2023 GCSEs, Monks Walk, Welwyn Garden City**
Physics (9), Biology (9), Chemistry (9), Geography (9), Mathematics (8), Computer Science (8), Design & Technology (8), English Literature (8), English Language (7), Physical Education (7).

Personal Attributes

- Articulate and conscientious communicator with a strong focus on clarity of delivery.
- Analytical and detail-oriented, with a structured approach to problem solving.
- Enterprising and driven, with commitment to continuous self-improvement.
- Versatile and forward-thinking, eager to learn and contribute to innovation.
